University of California San Francisco
555 Mission Bay Blvd South, MC 3122
San Francisco, California 94158

Education

Ph.D. Biophysics, University of California San Francisco, 2013–Present.
B.E. Biomedical Engineering, Stony Brook University, 2013.
B.S. Physics, Stony Brook University, 2013.

Honors, Awards, & Fellowships

Graduate Research Mentorship Fellowship, UC San Francisco, 2017.
Frank M. Goyan Award for Excellence in Physical Chemistry, UC San Francisco, 2017.
Predoctoral Fellowship, American Heart Association, 2017, 2018.
Minority Access to Research Careers Fellowship, Stony Brook University, 2011, 2012, 2013.
Summer Research Training Program Fellowship, UC San Francisco, 2012.

Research

Training

Graduate Student, University of California San Francisco, April 2014–Present.
Advisor: Michael Grabe, Department of Pharmaceutical Chemistry
Undergraduate Research Assistant, Stony Brook University, January 2012–August 2013.
Advisor: Yi-Xian Qin, Department of Biomedical Engineering
Visiting Summer Researcher, University of California San Francisco, May–August 2012.
Advisor: Alan Frankel, Department of Biophysics and Biochemistry
Undergraduate Research Assistant, Stony Brook University, July 2011–May 2013.
Advisor: Carlos Simmerling, Department of Chemistry

Publications

1. T. Han, **N.P. Bethel**, M. Grabe, and L.Y. Jan. Lipid scrambling dependent membrane remodeling by TMEM16F. (in preparation)
2. C.J. Peters, J.M. Gilchrist, J. Tien, **N.P. Bethel**, L. Qi, T. Chen, L. Wang, Y.N. Jan, M. Grabe and L.Y. Jan. The 6th transmembrane segment as the primary gating machinery of the TMEM16A calcium-activated chloride channel. *Neuron*. (in press)

Teaching

Volunteer teacher. Science & Health Education Partnership. UC San Francisco. 2015.

This program promotes partnerships between scientists and teachers to bring high quality science education to K-12 students. My responsibilities involved designing and teaching a series of lessons to the third grade class at Bret Hart Elementary School in San Francisco, California.

Teaching assistant. Pharmaceutical Chemistry 115: Drug Metabolism. UC San Francisco. 2015

Teaching assistant. Bioengineering 420: Computational Biomechanics. Stony Brook University. 2013
